

Charis Schwarz, Rob Rollinson (MARI Proj Mngr) & George Schwarz

MARI recently enjoyed its first birthday on May 06. George & Charis Schwarz's work has realized success.

For the uninitiated, as young lovers they set out on their 1965 BMW R50 and travelled the world. Forty years later they got around to restoring their photographs and recording their experiences in a book about their trip. They self published their work with the intention of setting up a Rehabilitation Scheme to help injured motorcyclists.

Now in their latter years, they approached St Vincent's; their local hospital; won them over with their great idea and three years later MARI was set up in May 2007, *Motorcycle Accident Rehabilitation Initiative*.

One year later, MARI has helped 104 injured folk, less fortunate than ourselves, (we're still riding) and I'm hoping to publish a report currently being compiled by the St Vincent's team in the next edition.

MARI needs our continuing support. Contributions are fully tax deductible and more than welcome. Please make cheques and money orders payable to "St Vincent's Hospital Sydney Ltd Trust Fund Account MARI TF880845" and addressed to, St Vincent's Hospital Fundraising
390 Victoria Street, Darlinghurst NSW 2010

Bless you, Charis and George Schwarz, ED ■
